

## Special Rental Terms for Motorhomes

In addition to MABI's General Rental Conditions, special terms apply when renting a motorhome/camper.

### 1. Prices and Payment

After the rental company confirms the reservation, the renter receives a booking confirmation. This confirmation includes verification of the rental period and object, as well as a payment link. The renter must make an advance payment equivalent to the rental amount via this link. Payment must be made within 24 hours of receiving the booking confirmation. Definitive confirmation of the rental period and the object occurs after payment is made. Upon pickup/delivery of the object, the renter must pay a deposit of 3000 SEK with a credit/debit card. The amount is reserved by the card issuer and is fully refunded at the end of the rental. Any additional costs incurred during the rental will be deducted from the deposit.

### 2. Insurance and Damage Costs

The vehicle is fully insured in accordance with the terms found in the General Rental Conditions. In the event of traffic- or vehicle damage, the renter is responsible for damage repairs up to the applicable deductible of 15,000 SEK. For multiple damages, liability applies at one deductible per incident. For height-related damages, the deductible is 1 price base amount. For damages not covered by traffic or vehicle insurance, i.e., damages arising from negligence, incorrect loading, or mishandling of the vehicle, the renter is fully liable for compensation.

### 3. Cancellation

In case of cancellation less than one day (24 hours) in advance, 50% of the total rent will be refunded (100% if a valid medical certificate is presented).

### 4. Additional costs

Any damage costs will be charged in accordance with point 2 (Insurance/Deductible) and/or the General Rental Conditions. Any fees for cleaning and tidying the vehicle or compensation for lost equipment can be found in point 10 of this agreement.
